

What are Publications Updates?

01

Publications Updates are a first of their kind innovative service initiated by Pfizer Medical Information for healthcare professionals. They are a comprehensive and timely compilation of scientific journal articles on various therapy areas.

Which therapy areas are included?

02

Oncology, Hematology, Rare diseases, Cardiovascular, Nephrology, Neuroscience, Ophthalmology, Respiratory, Rheumatology, Infectious Diseases, Urology and Women's Healthcare.

What is the cost per therapy area?

03

We are pleased to inform you that Publications Updates are provided as a free service.

Is there a limit as to how many Publications Updates I can register for?

04

No, there is no such limit. You can register for as many Publications Updates as you are interested in.

Do I have to register for each therapy area separately?

05

Yes, you need to complete the request form for each therapy area request separately.

When can I expect these updates?

06

Depending on the Therapy Area, you will normally receive the updates either monthly, or every other month. When you receive the first update, you will be told the frequency and due date for future updates.

Which email address will I receive these updates from?

07

Medicalinformation@e.mail.pfizerpro.com (Please note that this is a no-reply email)

Can I receive Publications Updates via post?

08

We cannot send these via post as we provide links to the abstracts for the articles in each Publications Update.

How can I stop receiving these updates?

09

You can unsubscribe at any point by clicking the unsubscribe link at the bottom of the email you receive.
